

## Beneficial Microbes to Optimize pest control in Sustainable Tomato production

### BeMOST HFRI-FM17-50

#### D6.1 Dissemination and Communication Plan (DCP)

---

##### Summary

In the context of the WP6 objectives, D6.1 is the DCP of BeMOST that includes the Dissemination & Communication Strategy, as well as the Dissemination and Communication Activities of the project. It has been updated once and versions M18 and part of M24 are ready. BeMOST aims at increasing the visibility of the project's objectives and results to the scientific community, stakeholders and the general public. The dissemination and communication strategy of BeMOST has been based on the identification of BeMOST Goals and results to be shared, Target audience, Dissemination routes and channels. Overall and specific objectives of BeMOST will be communicated to target audience. With regard to specific outcomes and results, BeMOST will provide relevant material such as summaries of main results, publications, and news. DCP includes a webpage presenting BeMOST main activities, objectives, research team members and results, publications in peer-reviewed scientific journals and participation with talks and posters to scientific conferences. Outreach activities will include presentations in seminars and meetings. Communication with the general public and the scientific community will be ensured with social media presence and the BeMOST webpage.
